Relaxation Dentistry Financial Policy

Thank you for choosing our practice for your dental care. We realize that every person's financial situation is different. In an effort to keep our overall costs down, we have eliminated billing for any treatment received in our office. By eliminating the need to generate thousands of billing statements, time spent tracking accounts, and postage for mailing statements, we are able to keep our fees lower than average. In fact we do pass the savings on to each of our patients by having below average fees for **ALL** our services.

Our payment options include the following:

1. **Payment in full at the time of your visit:** Cash, check, or credit card.
2. **Major service; two payment option:** We offer a two payment option for crown, bridge, and denture treatment. We ask that you pay one-half of your co-payment at the first appointment and the second half at the delivery date appointment.
3. **Credit card option:** Allows you to make three equal monthly installments with credit card. One third is due at the first appointment, one-third is due thirty days later, and the remaining one-third is due sixty days from the initial appointment. Our office personnel will charge these payments by processing your credit card on the due dates. Eligibility for this option will be determined on an individual basis.
4. **Term Loan:** By arrangement with Care Credit, we offer an interest -free term loan: For balances 1,001.00-2,000.00 6 months interest-free, and balances over \$2,000 12 months interest-free; with no down payment, no annual fee, and no prepayment penalty. You must qualify **prior** to treatment for Care Credit to be eligible for this option.

Dental Insurance As a courtesy and service to you, we are happy to verify your insurance benefits and file all insurance claims for you. Most insurance companies will not release their "Maximum Allowable Fees" to us. This means we can only ESTIMATE what your insurance will pay. For example, if your insurance tells us they will pay 100% for a cleaning but their "maximum allowable" for that procedure is only \$40; than your insurance will only pay \$40 towards the service while our fee is \$70. We can estimate very closely to the exact amount for preventative dentistry (cleanings, exams, x-rays, etc.), but we strongly encourage a pre-authorization for restorative or major dental procedures if you need to know an exact amount. Pre-authorization will delay treatment about 4-6 weeks. **You are responsible for any balance on your account not covered by insurance.**

Finance, Billing & Collection Charges: Delinquent accounts increase the cost of care for all our patients. Please help keep care affordable by maintaining an account in good standing. A monthly finance charge of 1.5% (Annual Percentage Rate 18%) is calculated on account balances greater than 30 days old. A billing charge of \$5.00 per statement is calculated on account balances below \$100. Account balances over 90 days delinquent may be turned over to a collection agency. All collection costs will be added to your account at the rate of up to 45% of your total account balance.

I have read and understand the financial policy for Relaxation Dentistry.
